EMBARK

Empowering Web3 Explorers: Where DAOs Meet, Minds Unite, and Knowledge Blossoms – Join the Huddle01 Revolution in DAO Education!
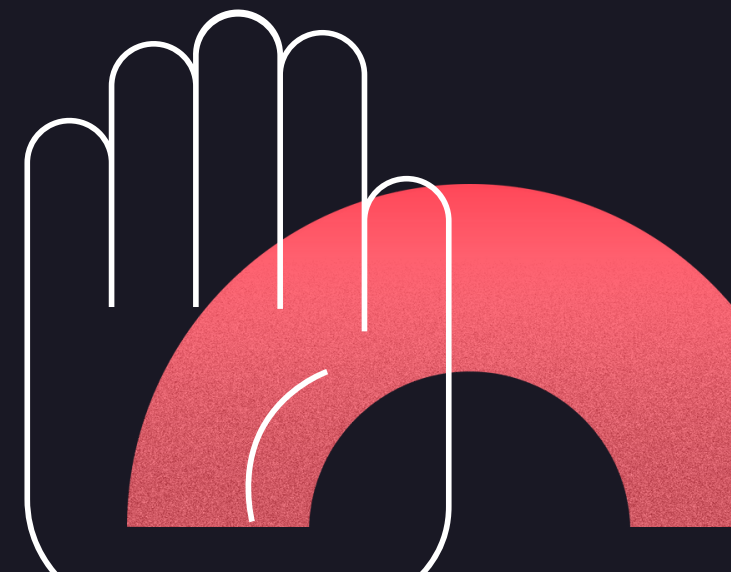

PROBLEM STATEMENT

- Onboarding new users into DAOs is challenging due to scattered information.
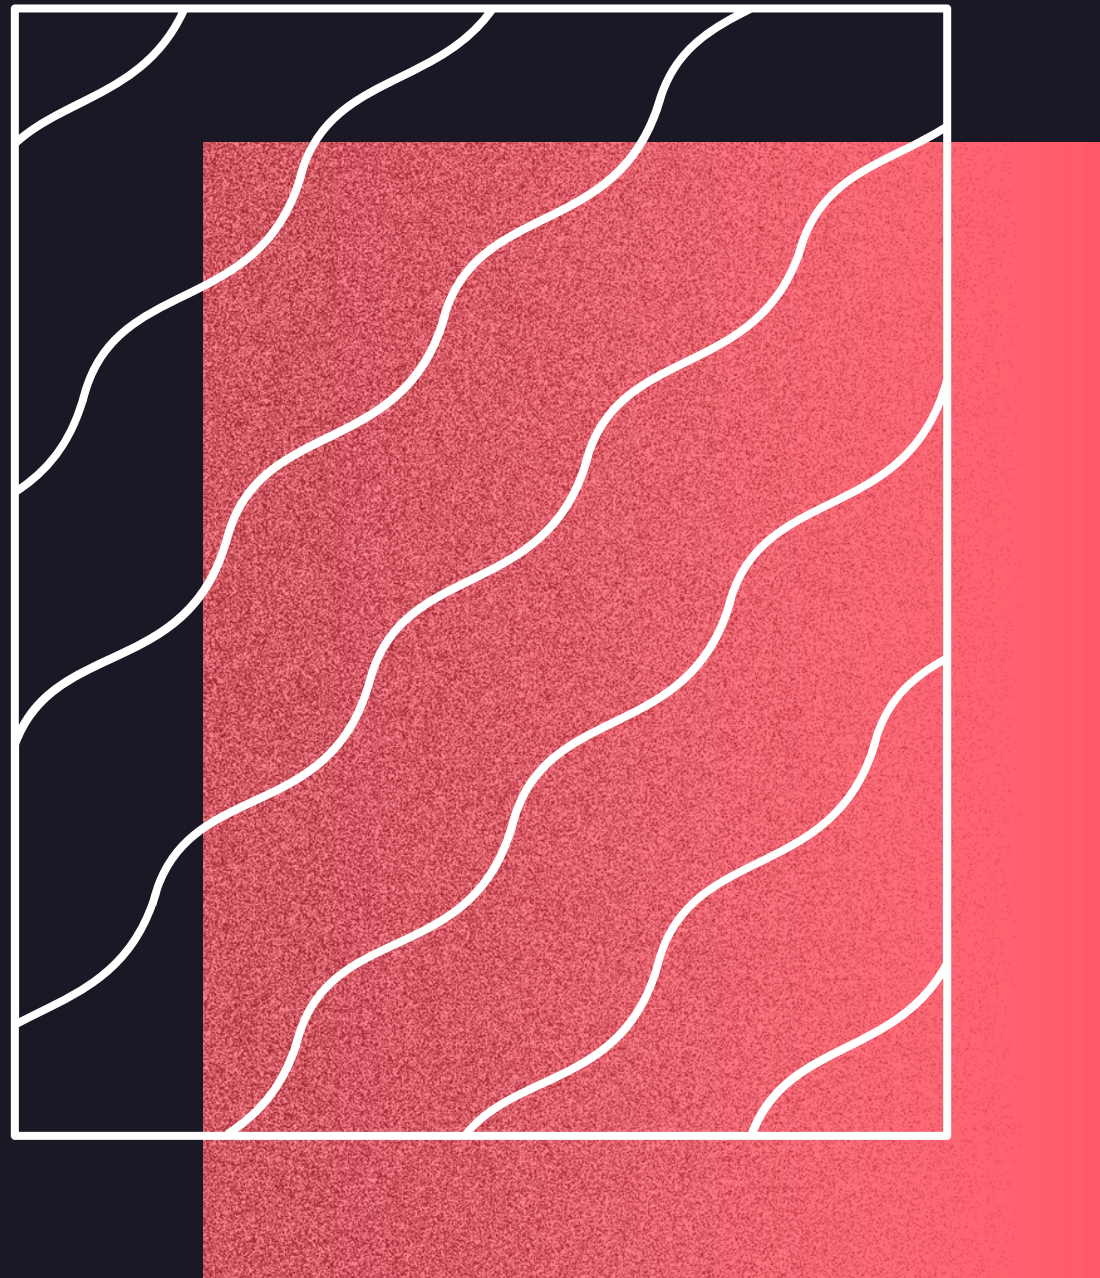

- Technical difficulties and a lack of a dedicated platform hinder understanding DAOs.

- Delegates lack a platform to showcase contributions, hindering recognition from the DAO community.

SOLUTION WE ARE PROVIDING

- Embark offers a platform for users to learn directly from DAO community experts.

- Delegates can prove their contributions and gain recognition through Embark.

- Users can delegate voting power, ensuring active participation.

- AI assistance bridges gaps when experts are unavailable.

PATH TO SOLVE THE PROBLEM

- Embark serves as the DAO education solution.

- Huddle01 facilitates direct calls with delegates.

- Supports DAOs like ARBITRUM, BASE, and CELO.

- Lighthouse securely stores meeting transcripts for AI model enhancement.

Tech Stack

- Leveraging Huddle01 for dynamic video calls.

- Supporting DAOs like ARBITRUM, BASE, and CELO.

- Lighthouse for secure storage and retrieval of meeting transcripts.

- Cutting-edge tech elements forming the robust engine driving Embark's DAO revolution

THANK YOU
