## Forgery Ring Dismantled in Major Abbottabad Crackdown

July 21, 2025

– Categories: Crime

Authorities in Abbottabad have successfully dismantled a sophisticated forgery operation, arresting multiple suspects and seizing counterfeit documents and equipment.

A major breakthrough was achieved by law enforcement in Abbottabad as a sophisticated forgery gang was successfully dismantled in a recent crackdown. Local police, acting on intelligence, raided a suspected hideout where counterfeit documents were allegedly being produced and distributed.

During the raid, authorities arrested several individuals who were reportedly involved in the forgery network. According to initial reports, the group had been producing fake identification cards, educational certificates, and various official documents intended to deceive both public and private institutions.

The police also recovered a significant amount of forged paperwork along with printing and lamination equipment used in the illegal operation. These materials were seized as evidence and are now being analyzed to trace the extent of the criminal activity.
