North Town Residency Karachi Expands with Estate Safe Marketing

July 30, 2025

– Categories: Real Estate

North Town Residency, a prominent housing development in Karachi, continues to grow with the strategic involvement of Estate Safe Marketing. The project, initiated in 2015, is fully developed across its first three phases and continues to expand.

Located in North Karachi, Phases I, II, and III of North Town Residency have seen significant residential growth. Phase IV is strategically positioned near Hamdard University and the Northern Bypass, offering improved accessibility and investment appeal.

North Town Residency is an SBCA-approved housing scheme, developed by the reputable GFS Builders and Developers. In a recent development, GFS Builders signed a Memorandum of Understanding (MoU) with Estate Safe Marketing, a respected real estate firm known for its extensive outreach and market experience.

This partnership marks a new chapter in promoting North Town Residency as a viable residential and investment option. With the real estate sector in Karachi showing signs of steady demand, the collaboration aims to enhance market visibility and facilitate informed property transactions.

The signing of the MoU between GFS Builders and Estate Safe Marketing is expected to streamline marketing efforts and help potential buyers and investors make confident decisions backed by verified information.

North Town Residency continues to attract interest due to its legal standing, developed infrastructure, and convenient location, reinforcing its reputation as a reliable choice for families and real estate investors alike.
